VACATION BIBLE SCHOOL.

The Vacation Bible School, which is being held at the Methodist Church, was honored last Friday by a visit from Miss Virginia Alenmottubbi, a Choctaw Indian girl from Hartshorne, Oklahoma. Miss Alenmottubbi, who is a student at Northwestern University, is spending six weeks at the Maine Methodist Camp at Winthrop. She spoke of the Indian life and customs in her state, which was especially interesting to the children who attend the Methodist Sunday School, as they have been helping a Choctaw Indian boy, John Dixon Williams of Fieley, Okla., for the past several years. Miss Alenmottubbi's home is not far from Finley and she plans to visit the Williams family on her return to tell them of her experience in Bethel.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

In checking the cemeteries on the West Bethel Flat Road and at the Steam Mill I find that they both are in need of considerable work to improve their appearance.

Myron Morrill has been employed to mow the grass and bushes in the West Bethel Flat cemetery. Particular attention will be given that cemetery this year. After it is mowed the stones will be straightened and any stones that are down will be cemented into place. It is planned to keep this mowed with a rotary mower in the future which will keep the weeds and bushes from growing. The expense will be quite large this year due to the extra amount of work to be done, but next year should be kept in good condition with less expense.

The Steam Mill cemetery is going to require much more work to bring it to a good appearance. There is a very large amount of bushes that have got started. It is planned that can be sprayed with a chemical brush killer that will destroy the bushes but will not harm the grass. I think that if that much can be done this year that it will be a start. There are two maple trees in this cemetery that are nearly dead. Sometime during this year these will be removed by the highway department.

Sincerely,
Harold L. Bean

CHARLES B. KEITH

Charles B. Keith died Sunday morning at the Stephens Memorial Hospital, Norway, where he had been a patient three weeks.

He was born at Norway, Jan. 15, 1879, the son of Mr. and Mrs. Charles Keith. He moved from West Paris to Bryant Pond about 30 years ago and had been employed by the Stowell Silk Spool Company 29 years. His wife was the former Margaret Ross Farrar.

He is survived by his widow, by two step-sons, James and Stanley Farrar, Bryant Pond, and by one granddaughter.

Funeral services were held Tuesday afternoon at the I. W. Andrews funeral home, South Woodstock, with Rev. G. E. Lindahl, officiating. Bearers were Howard MacKillop, Robert Farrington, George Wheeler and Calvin Cole. He was buried at the Norway Cemetery.

FRANK A. FROST

Frank A. Frost of Kingfield died Saturday at the Murray Nursing Home, Auburn, where he had been a patient several months.

He was born at Lisbon Nov. 10, 1878, the son of Frank and Mary Frost. He was graduated from Lisbon High School.

Mr. Frost was employed for several years as superintendent of the E. L. Tebbets Spool Co., Locke Mills, and for many years before retirement several years ago was superintendent of the wood-turning plant of H. G. Winter & Sons at Kingfield.

He was married on April 5, 1900, to the former Rose Kimball of East Bethel, who survives. Also surviving are a niece, Mrs. Mildred Landolt of Auburn, and a cousin, Walter L. Emerson Jr. of Lewiston.

Funeral services were held Tuesday afternoon from his late home in Kingfield.

Miss Susan Kalkan, who had been a guest at the home of Mrs. Leona Flint, and Frank Flint left for Falmouth, Mass., Saturday where they will join the Gilbert and Sullivan Oberlin College group at the Summer playhouse.

A family gathering met at the home of Mr. and Mrs. Stanley Davis Thursday, July 11, for a picnic supper in honor of Susan Davis' third birthday. Those present were Mr. and Mrs. Earl Davis, Mr. and Mrs. Robert Keniston, Martha Roberts and Rachel Keniston, Mr. and Mrs. Kimball Ames, Catherine and Nancy Carver, Mr. and Mrs. Stanley Davis, Tom, Andy, Susan, Michael and Betty.

LOCAL GROUP WORKS WITH NTL DISCUSSION OF TOWN PROBLEMS

The twenty-five or thirty Bethel residents who participated in the discussion group during the first laboratory session of the National Training Laboratory in Group Development are so enthusiastic about their experience that a similar group will be formed during Session Two.

In addition to some rather interesting discussions about local problems, they learned something about T (Training) Groups and how they function. Bob Vandiver and Art Dahlstrom of the NTL Staff were the group's co-leaders.

Anyone who is interested in forming such a group to meet from 8:00 p. m. to 9:30 p. m. on July 22, 24, 26, 28, 30, and August 2 is invited to call the NTL Administrative Office VA 4-2125 by Friday, July 19, 3:00 p. m., so that arrangements may be made for staff and a meeting room.

WEST BETHEL GIRL GOING TO YOUTH MUSIC SCHOOL

Registrations of students from 10 states have already been accepted by the University of New Hampshire's Summer Youth Music School, Aug. 11-24, insuring an enrollment of over 300, the largest of its kind along the Eastern seaboard. Among the students accepted is Mary Jo Head of West Bethel. Mary Jo is majoring in Chorus and Band.

LOCAL SOLDIER COMPLETES RADIO OPERATORS COURSE

Pvt. Edward A. Hastings, son of Mrs. Ruth C. Hastings of East Bethel, recently was graduated from the radio operators course at Fort Dix, N. J.

The 12-week course trained him in the fundamentals of electricity, the operation of various Army radios and the use of Morse Code.

He attended the University of New Hampshire.

PROGRAM OF BAZAAR EVENTS ON SAT., JULY 27 ANNOUNCED

The plans that are now taking shape for our forthcoming MOLLYCROCKETT DAY (Bazaar Day) Saturday, July 27th, certainly offer real promise of bigger and better activities and more fun for all who attend. Last year only 14 organizations took active part in sponsoring the events while this year 23 are already working on plans to make this year more attractive than before.

Starting with the general opening at 11 a. m. and the auction which should be a humdinger there will be something going on of real interest to everyone of every age, every hour of the day and evening, including the crowning of our full-blooded Indian girl from Old Town as our Princess of Health, a baseball game at 2:30, merry-go-round, ferris wheel, medicine men etc. at the purpose reservation all day, plenty of opportunity to buy and eat varieties of good cooking, the prize parade at 4:30, and of course the famous baked bean supper starting at 5:30 (if you want to be sure of eating beans be there early as the word has spread far and wide) followed by a band concert at 7:30 by the full Brown Company Band. And as though these events wouldn't exhaust even the liveliest person there will be bea-son and square dancing on the lawn in the evening. Anyone who has heard Roy Wardwell calling the dances will be sure to be there.

SECOND SESSION OF TEACHER WORKSHOP AT BRYANT POND

The second class of teachers to receive instruction on basic principles of natural resource conservation opened Monday at the Teachers Conservation Workshop Campus at Christopher Lake in Bryant Pond. They will be in session for three weeks. The curriculum includes numerous field trips.

The initial group of 14 teachers from elementary schools of Maine completed studies last Friday. A third session will be held at the University of Maine at Orono from July 29 to August 10.

The Workshop is the first of its kind in Maine. Teachers will carry conservation principles to elementary schools of the state, planning to incorporate them into other subjects of study such as reading.

The program was initiated via a cooperative undertaking between the State Department of Education and Resource agencies of the state, with impetus from Governor Edmund S. Muskie, Commissioner Warren G. Hill of Education, and Commissioner Roland H. Cobb of Inland Fisheries and Game.

Agencies cooperating this summer in preparing and presenting classes and field trips include Education, Inland Fisheries and Game, Forestry, Sea and Shore Fisheries, Agriculture, Soil Conservation, Geology, Agricultural Stabilization and Conservation Service and Park Commission.

Faculty instructors in the workshop are Professors Robert Miller of Gorham State Teachers College, John Mudge of Farmington State Teachers College, and George Davis of the University of Maine.

Interested teachers—or groups increased in sponsoring teachers to the workshop—are urged to contact Larry Stuart, Director, Teachers Conservation Workshop, Bryant Pond, Me. Cost of full tuition is \$25. The first class consisted of teachers sponsored by garden clubs, sportsmen organizations, industry and various other groups. It is expected that future workshop classes will be fully sponsored by such groups.

HALI - BENNETT

The home of Mr. and Mrs. Lynn Bennett was the scene of an attractive wedding on Sunday, July 14, at 3 p. m., when their daughter, Joanne Bennett, and Robert Hall, son of Mrs. Basil Hutchins of East Andover, were united in marriage by Rev. Dwight McMahon with the double ring ceremony. A beautiful floral banquet arranged by Grace Coburn decorated the home.

The bride was given in marriage by her father. She wore an aqua suit with white accessories and carried a white Bible with pink and white ribbons. Miss Jane Bennett, twin sister of the bride, was maid of honor. She wore an aqua dress with white accessories. Her carriage was of pink carnations. The best man was Basil Hutchins of East Andover.

The bride's mother wore a black and silver dress and matching accessories. The groom's mother wore a black dress with matching accessories. Her carriage was of pink carnations.

A reception was held at the home immediately following the ceremony. Miss Mollie Bates of Sunday River circulated the guest book. Miss Kay Ring of Bryant Pond was in charge of the gift table. Assisting at the refreshment table were Mrs. Wendall Davis of Bangor and Miss Nina Helen of Bethel.

Mr. and Mrs. Hall went to Vermont on their wedding trip. The bride's traveling clothes were an aqua suit with a pink and white checked corsage.

Mrs. Hall attended Gould Academy. Mr. Hall attended Andover schools. They will reside in Georgetown, where Mr. Hall is stationed at Fort Meade.

There were 40 guests present. Among the out of town guests were Mr. and Mrs. Wendall Davis and son Mr. and Mrs. Bernard Bennett, Mr. and Mrs. Ralph MacLean, all of Bangor; Mr. and Mrs. Basil Hutchins of Andover.

The Week in Oxford County

Sandra Ayer, daughter of Mrs. Dorothy Ayer, Norway, won a first prize in the second week of the People's "Popcorn Doodle" contest. The award is an all expense paid week's vacation for two in California. Her mother will accompany her.

Forty youths in the First District, Maine, applied to take examinations, July 16, for designations to the United States Military and Naval Academies.

Albert Hodson, Jr., of Rumford, will build the Swift River Valley Consolidated School at Rumford. Plans for the building were drawn by architect William Arncliffe of Portland. Cost of building is estimated around \$20,000.

Town of Mendon held a special meeting Wednesday to consider the purchase of 24 1/2 acres of land on Harlow Hill for an athletic field at a cost of \$14,000.

Miss Kathleen Scribner of South Waterford was one of eight young ladies named candidates for queen of the Belfast Broiler Festival.

Beans in feed 1,200 people were baked during the week end in a trial cooking for the Bean Hole Bean Festival which will take place Saturday at the Oxford County Fair Grounds. These beans were canned at Auburn and will be on sale.

Final plans for the Stephens Memorial Hospital fair were made at a meeting of the Women's Auxiliary, Dr. Salvatore LaCasse, psychiatrist at the Veterans Administration Hospital, Togus, spoke on mental health.

Albert Ellsworth, postmaster at Oxford received notice from Washington, that all mail addressed to Westville will be handled at Oxford after July 31. The post office at Westville will be discontinued.

VICE PRESIDENT . . . T. Richard Probst of Bangor, Me., who has just been named Vice President in charge of operations of Brown Company, northern New England's leading manufacturer of pulp, paper and forest products. Probst has been Vice President and Manager of Mills of Eastern Corporation at Bangor, Me. since 1954. He assumes new post August 1.

Maine Lobster in 'Senate Salad'

Senator Margaret Chase Smith and Mrs. America of 1958 tossed "Senate Salad" in the largest—3 feet wide and 14 inches deep—salad bowl in the world at the U. S. Capitol. Senator Smith supplied the lobsters from Maine that were used in the All-American salad. Mrs. America is Mrs. Lynwood Findley, 32, of Arlington, Va.

A new salad, "Senate Salad," was created and served recently at the U. S. Capitol. Senator Margaret Chase Smith saw to it that lobsters from Maine were among the principal ingredients. It is unusual for a new dish to be created in the nation's Capitol. Here's how it happened: Senator Smith and eight other Members of Congress who come from states that produce or manufacture ingredients important in salad making decided to serve an original salad to their colleagues on Capitol Hill.

The result was "Senate Salad." To meet the need of the occasion, it turned out to be the largest of its kind ever served in the world.

The ingredients for "Senate Salad" were: 10 heads of iceberg lettuce and 10 heads of romaine lettuce from California and Arizona, 20 bunches of West Virginia water cress, 14 bunches of Texas green onions, 75 pounds of Maine lobster meat, 30 bunches of California celery, 150 New Jersey tomatoes, 75 California avocados, 1 gallon of California ripe olives, 40 Arizona grapefruit, 2 quarts of Michigan vinegar, 50 quarts of Louisiana salad oil and 100 envelopes of garlic-type salad dressing mix.

To serve the largest salad in the world, the Members, naturally, needed the largest salad bowl in the world. The bowl, hand turned and made of solid walnut, was 3 feet wide and 14 inches deep. It held 320 large servings of delicious "Senate Salad." The salad fork and spoon were 3 feet long and the bowl for the 100 quarts of salad dressing was 14 inches high.

At the party the Members were assisted in serving their colleagues by Mrs. America of 1958, the nation's top housewife, Mrs. America, who to her neighbors in Arlington, Va., is Mrs. Lynwood Findley, was there to represent the American housewife.

After the party Senator Smith and the other Members presented the salad bowl, fork, spoon, cruet and recipe for "Senate Salad" to the Senate Dining Room at the Capitol—and there is a good chance that "Senate Salad" will take its place at the Capitol alongside the already famous "Senate Bean Soup."

"Senate Salad" is worthy of a place on everyone's table as a main course. Of course, husbands who are weekend chefs and wives who like to try new food dishes on their families, need not buy 75 pounds of lobster to serve "Senate Salad."

To prepare the dish for a family of four, all one has to do is take a cup of bite-size pieces of iceberg lettuce, a cup of bite-size pieces of romaine lettuce, one-half cup of bite-size pieces of water cress, one and one-half cups of lobster meat, one cup of diced celery, a quarter cup of chopped green onions and stems, two medium tomatoes cubed, five large, ripe olives sliced and washed from one-half of a grapefruit.

The vinegar and salad oil to make the dressing should be used in the proportions required with one envelope of a garlic-type salad dressing mix.

The ingredients should be placed in a large bowl and tossed lightly. The lobster claws should be used to furnish the top.

RUMFORD WOMAN APPOINTED FIELD CONSULTANT OF MAINE TB ASSN.

Mrs. Loring W. McFall, Rumford, has been appointed to the newly created position of field consultant of the Maine Tuberculosis Association and will serve in Franklin and Oxford Counties beginning her duties on August 15. It was announced by E. P. Wells, executive director of the voluntary tuberculosis and health agency.

Mrs. McFall, a graduate of Stephens High School, acquired her degree in nursing at Misericordia Hospital School of Nursing and took graduate courses at Boston and New York Universities. She has had varied experience in several aspects of health work, including nursing education, administration and social service activities.

Among the positions she has held locally were social sciences instructor at Rumford Community Hospital and later Assistant Director of Nursing at the same hospital. She is currently treasurer of the Maine Association of Hospital Auxiliaries. She has been active in voluntary community health work.

Tuberculosis Association, Mrs. McFall will serve as coordinator of many health services in the two counties, provide consultation service in local community health organizations, carry out health education activities including school health programs, organize tuberculosis case-finding programs, provide rehabilitation and social services to tuberculosis patients on referral, and serve as a resource worker to physicians, public health nurses, school personnel, industrial medical departments and other health workers or agencies in the territory.

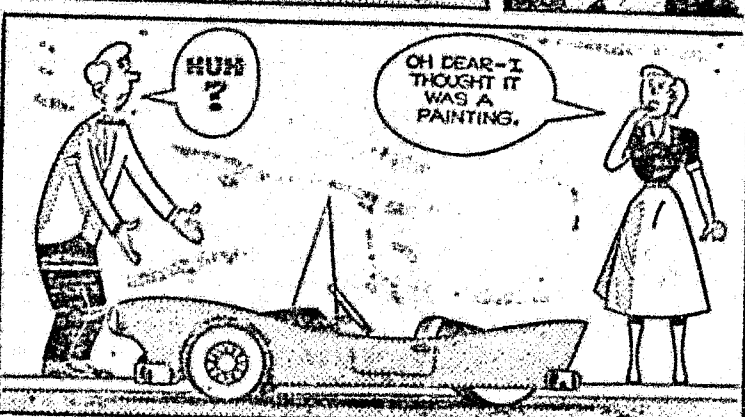

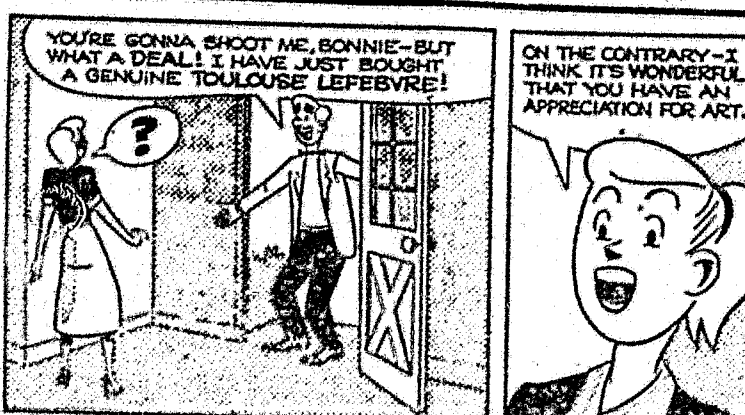

The work of the Maine Tuberculosis Association in tuberculosis control, school and public health is made possible by the annual sale of Christmas Seals, and a part of Mrs. McFall's assignment will be to work with the several town Christmas Seal chairmen in the area.

Wells pointed out that at present sufficient funds are not raised in the Franklin - Oxford area to support a local tuberculosis and health association. However, he stated, "If increased interest in the work in the two counties should result from expanded program activities, it would be the purpose of the Maine Tuberculosis Association to help organize a local association."

London, O. Press: "More and more is being heard about the field of 'public relations'. Put simply, public relations is just good-will on a business basis. Most everyone knows that good-will is perhaps the most important asset in any business."

side of Route 26 1/2 mile south of south entrance to Appalachian Trail at rise in road: Deep chasm runs for about 600 ft. at foot of cliffs with overhanging masses of rock. No guard rails. Not safe for children.

THINGS TO DO AND SEE AROUND UMBAGOG LAKE

1. Mount Spec: Elevation 4,180 feet. Eight miles south of Upton on Route 26. Trail to top 1 1/4 miles, steepest continuous part of the entire Appalachian Trail. Allow four hours.

2. Spec Pond: On western peak of Mount Spec, elevation about 3,700 feet. Appalachian Club Shelter available at pond for overnight camping. About one mile from fire tower on Mount Spec.

3. Mahosuc Range Trail: Appalachian Club Trail from Mount Spec to Gorham on Route 2. About 20 miles. Three Club Shelters.

4. Saddle Mountain: Opposite Mount Spec on Route 26, about six miles from Route 26 to Upton-An-dover road. Trail goes over West Peak, Baldpate, elevation 3,812, and Little Baldpate, elevation 3,480 feet. Allow eight hours.

5. Screw Auger Falls: On Bear River ten miles south of Upton on Route 26. Best examples of basins or potholes in New England.

6. The Jail: About 1/2 mile above Screw Auger Falls and 500 feet south of where Bear River crosses Route 26. Basin formed in old channel of Bear River is 50 feet deep and about 70 feet in diameter only access by former river outlet.

7. Mother Walker's Falls: Formed by new channel of Bear River on south side of the Jail, approach by right and rim of the Jail.

8. Tyler Cove Trail: Woods road to Tyler Field, trail to Tyler Cove Sandy beach at Tyler Cove. Tyler Spring is about half way from beach to field. Trails marked with red blazes. Road starts at Lake House garage. About 2 1/2 miles.

9. B Pond Trail: Turn left off Tyler Field woods road about 100 feet from Lake House garage. One mile.

10. B Pond Trail: From Tyler Field road runs east where trail can be picked up. Guide most advisable.

11. Hedgehog Landing: Public Camp Site on island at entrance to Rapid River.

12. Carry Road: Starts at Sunday Cove on Umbagog Lake and runs to Middle Dam on Lower Richardson Lake, about five miles long. If you didn't bring your car over the ice last winter, you have to walk. Follows Rapid River and Pond-to-the-River and passes Forest Lodge where Louise Dickinson Rich wrote "We Took to the Woods."

13. Cambridge River: From above the rapids at the Lake House the Cambridge River is passable by canoe for about two miles on flat high water well into the marshes.

14. Bailing Places: Tyler Cove, B Pond, and Lakeside.

Bethel Defeats West Paris

Our team was host to West Paris Wednesday evening and we were the winners 12 to 10. Some of our best hitters were Melville, Hutchins and DesRoches with 2 hits each. McKee and Coffin hit well for West Paris with 3 hits apiece. Saunders started on the mound for Bethel and was relieved in the 6th by York.
